

Newsroom portfolio website assignment

Header—

1. Use ootb header component and create news(5), about me, contact me and homepage these pages should come in header with proper styling and make sure books have a drop-down so news should come

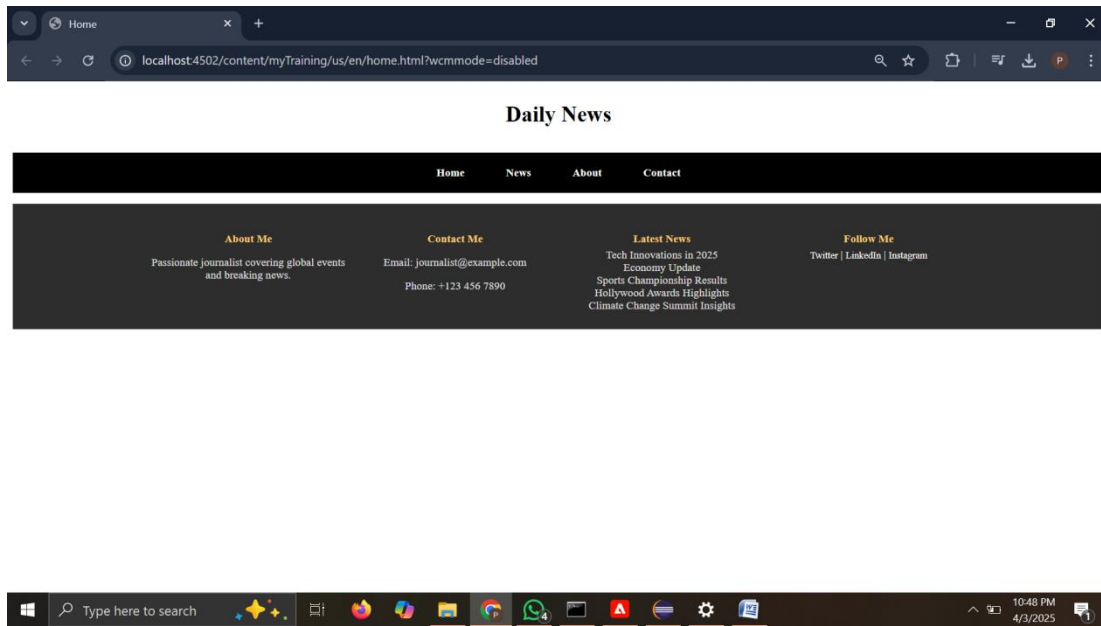

Footer sections-

about me

contact me

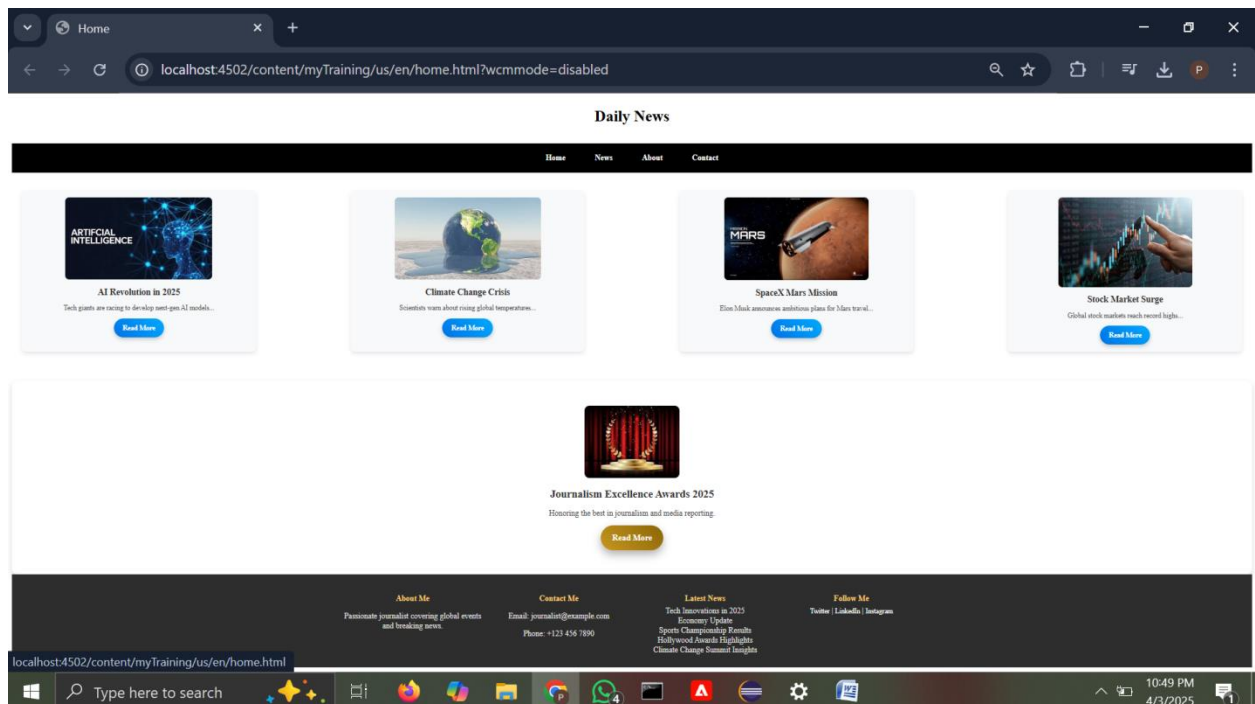

latest 5 news-list with hyperlink should be open in new tab

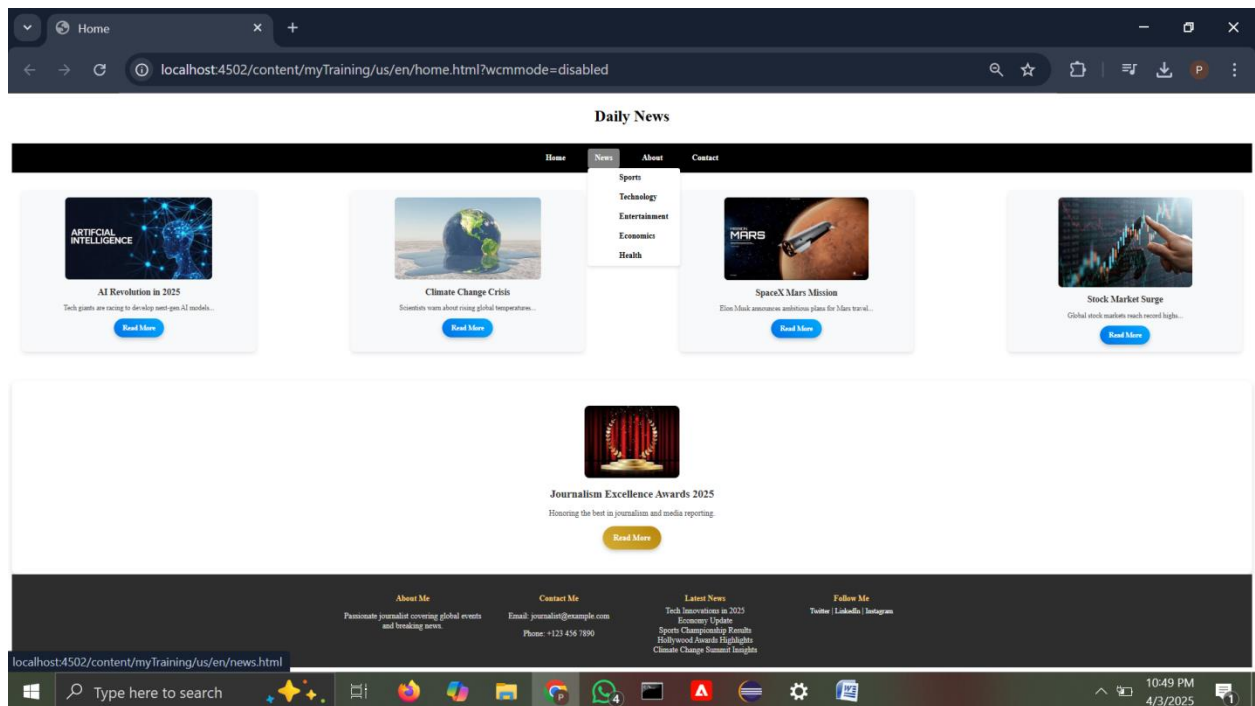

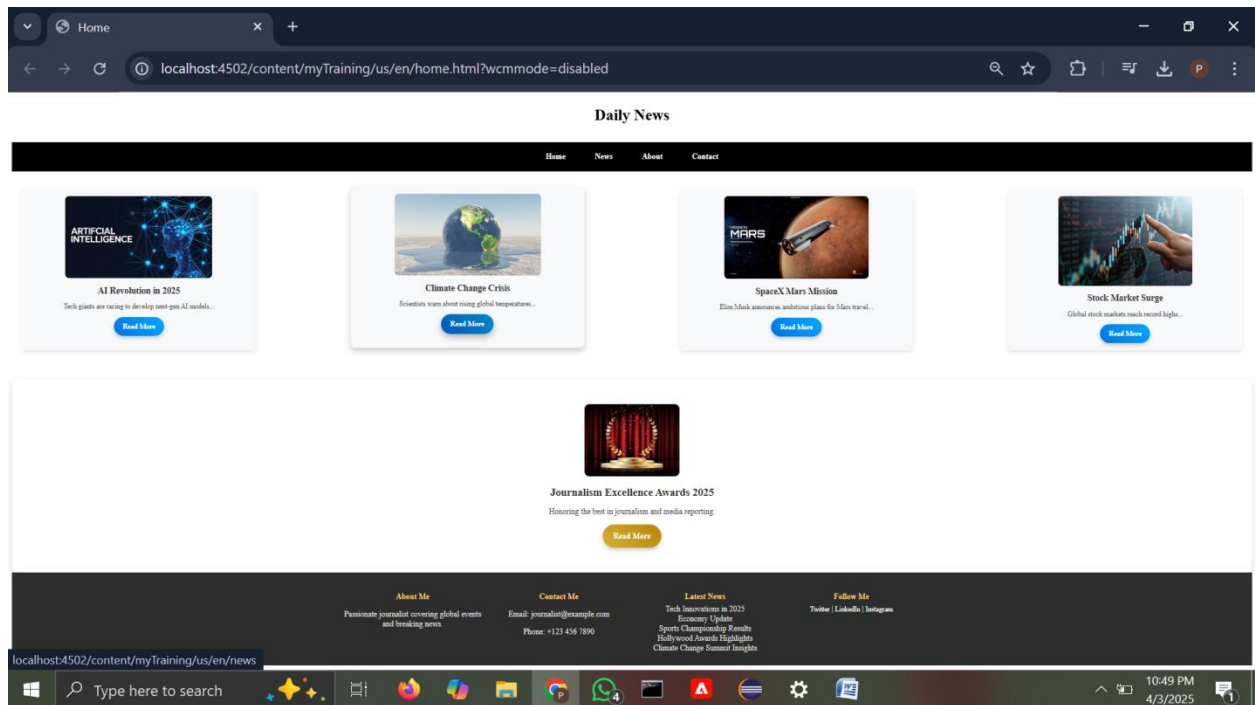

social media section

Home page

use teaser component to display some award ceremony for journalist so that it could have image title and some description and one CTA (which will link to that page where user can use the entire new for that award..page will be created and authored on cta)

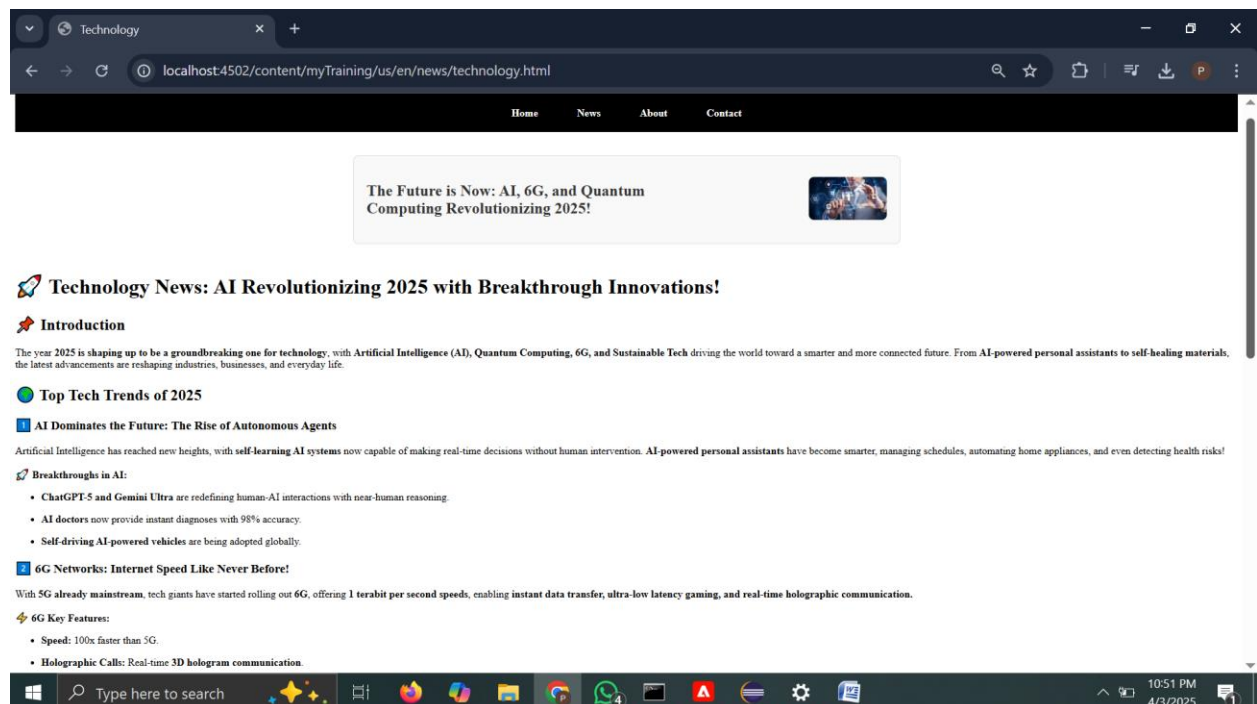

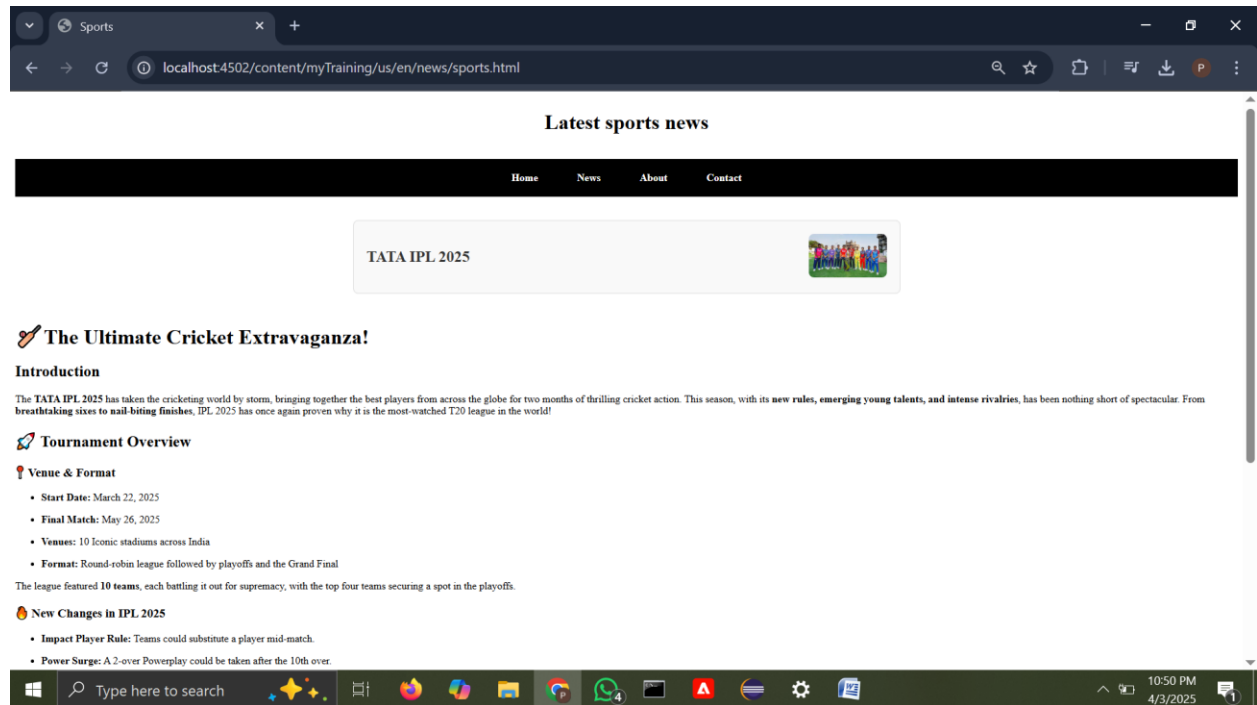

News page-

create a NewsRoom component which will get the News page as parent path (news page should be authored)

and that component should fetch all the news which you have created under /contact/news folder and make sure all of the books should be placed under /content/news folder

Now create news article pages under /content/news hierarchy and author the page with title, image and text component. So that when the newsRoom component is authored it fetches these properties from each page to show on the news page as cards and each card should have Title, news Detail and image and make sure each card should have unique title, description and image.

📊 Global Economy 2025: AI, Inflation, and the Future of Finance

🔥 Introduction

The global economy in 2025 is undergoing a major transformation, driven by AI-powered financial markets, cryptocurrency regulations, inflation control policies, and sustainable investments. With economies recovering from recent global challenges, nations are adopting innovative economic strategies to ensure growth, stability, and sustainability.

📈 Key Economic Trends of 2025

📊 Global Inflation Rates Stabilizing

After a period of uncertainty, inflation rates worldwide have started stabilizing, thanks to aggressive interest rate policies by central banks.

📋 Major Updates:

- The U.S. Federal Reserve maintained interest rates at 3.5% to curb inflation.
- India's RBI projected 5.1% GDP growth with a balanced inflation strategy.
- The European Central Bank (ECB) adjusted rates to tackle post-pandemic economic fluctuations.

💡 "Inflation is under control, and the focus is now on sustainable growth." – Christine Lagarde, ECB President

🤖 AI Takes Over Financial Markets

Artificial Intelligence is revolutionizing global financial markets!

- AI-powered stock trading now dominates Wall Street, ensuring real-time analysis and predictive investments.
- Major hedge funds use AI algorithms to predict market trends with 85% accuracy.
