## News page-

create a NewsRoom component which will get the News page as parent path (news page should be authored )

and that component should fetch all the news which you have created under /contact/news folder and make sure all of the books should be placed under /content/news folder

Now create news article pages under /content/news hierarchy and author the page with title, image and text component. So that when the newsRoom component is authored it fetches these properties from each page to show on the news page as cards and each card should have Title, news Detail and image and make sure each card should have unique title, description and image.

The Future is Now: AI, 6G, and Quantum Computing Revolutionizing 2025!

 **Technology News: AI Revolutionizing 2025 with Breakthrough Innovations!**

 **Introduction**

The year 2025 is shaping up to be a **groundbreaking one for technology**, with **Artificial Intelligence (AI)**, **Quantum Computing**, **6G**, and **Sustainable Tech** driving the world toward a smarter and more connected future. From **AI-powered personal assistants** to **self-healing materials**, the latest advancements are reshaping industries, businesses, and everyday life.

 **Top Tech Trends of 2025**

 **AI Dominates the Future: The Rise of Autonomous Agents**

Artificial Intelligence has reached new heights, with **self-learning AI systems** now capable of making real-time decisions without human intervention. **AI-powered personal assistants** have become smarter, managing schedules, automating home appliances, and even detecting health risks!

 **Breakthroughs in AI:**

- **ChatGPT-5 and Gemini Ultra** are redefining human-AI interactions with near-human reasoning.
- **AI doctors** now provide instant diagnoses with 98% accuracy.
- **Self-driving AI-powered vehicles** are being adopted globally.

 **6G Networks: Internet Speed Like Never Before!**

With 5G already **mainstream**, tech giants have started rolling out 6G, offering **1 terabit per second speeds**, enabling **instant data transfer**, **ultra-low latency gaming**, and **real-time holographic communication**.

 **6G Key Features:**

- **Speed:** 100x faster than 5G.
- **Holographic Calls:** Real-time 3D hologram communication.

Hollywood & Bollywood 2025: AI Actors, Blockbusters & The Future of Entertainment!

Entertainment News: Hollywood & Bollywood Set for a Blockbuster 2025!

Introduction

The entertainment industry in 2025 is bigger and better than ever! With AI-generated movies, record-breaking box office collections, streaming wars, and virtual reality concerts, Hollywood and Bollywood are redefining storytelling. Fans are witnessing groundbreaking VFX, global collaborations, and the rise of digital superstars.

Hollywood Highlights of 2025

“Avengers: Reassembled” Breaks All Box Office Records!

The Marvel Cinematic Universe (MCU) strikes again with its latest blockbuster, “Avengers: Reassembled”, which has crossed \$2 billion worldwide in just 10 days! Featuring a multiversal storyline and the return of Iron Man (Robert Downey Jr.), the film is being hailed as the biggest superhero movie of all time.

Director's Take: “This film is a love letter to Marvel fans!” – Kevin Feige

AI-Generated Movies Take Over Hollywood!

In a surprising twist, AI-powered filmmaking has become the latest trend! Studios are now using AI to write scripts, generate CGI actors, and even compose music. The first-ever AI-directed film, “Eternal Code,” has stunned critics with its hyper-realistic visuals and deep storytelling.

Bollywood in 2025: Bigger Budgets, Bigger Dreams!

Shah Rukh Khan & Prabhas Team Up for the Biggest Indian Movie!

The Indian film industry has witnessed its biggest collaboration yet—Shah Rukh Khan and Prabhas in “Vishwajeet”, a pan-Indian action thriller with a budget of ₹1000 crore! Directed by Rajamouli, the film promises Hollywood-level VFX and an intense plot revolving around time travel.

Global Economy 2025: AI Finance, Crypto Boom & The Future of Money!

Global Economy 2025: AI, Inflation, and the Future of Finance

Introduction

The global economy in 2025 is undergoing a major transformation, driven by AI-powered financial markets, cryptocurrency regulations, inflation control policies, and sustainable investments. With economies recovering from recent global challenges, nations are adopting innovative economic strategies to ensure growth, stability, and sustainability.

Key Economic Trends of 2025

Global Inflation Rates Stabilizing

After a period of uncertainty, inflation rates worldwide have started stabilizing, thanks to aggressive interest rate policies by central banks.

Major Updates:

- The U.S. Federal Reserve maintained interest rates at 3.5% to curb inflation.
- India's RBI projected 5.1% GDP growth with a balanced inflation strategy.
- The European Central Bank (ECB) adjusted rates to tackle post-pandemic economic fluctuations.

“Inflation is under control, and the focus is now on sustainable growth.” – Christine Lagarde, ECB President

AI Takes Over Financial Markets

Artificial Intelligence is revolutionizing global financial markets!

- AI-powered stock trading now dominates Wall Street, ensuring real-time analysis and predictive investments.
- Major hedge funds use AI algorithms to predict market trends with 85% accuracy.
